County Line Energy Corp. Completes Seismic Program on Heavy Oil Prospect in Hayter, Alberta
Tuesday November 08, 09:00 am ET
COUNTY LINE ENERGY CORP (PINK SHEETS CYLC) (FWB: G7Q) -

CALGARY, Nov.08 /Marketwire/ - Harry Bygdnes, President of County Line Energy Corp. confirms that the 3D seismic program on the Hayter prospect at Hayter Alberta has been completed.

Mr. Bygdnes has recently returned from the field after spending several days observing the seismic program and states "the data acquisition on the prospect has gone extremely well and the quality of the data acquired is excellent".

The data has been submitted to processing in Calgary, Alberta and final seismic sections are anticipated within the next 10 days. Mr. Bygdnes goes on to state, "the interpretation of the final processed data should be completed within the next 10 to 15 days and appropriate drilling locations will be selected on the basis of this interpretation".

In addition, Mr. Bygdnes confirms that a license to drill application has been submitted on the Consort property and a spud date is anticipated in the third week of November.

Signed on behalf of the Board of Directors

Harry Bygdnes, President

Forward-Looking Statements: This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All forward-looking statements are inherently uncertain as they are based on current expectations and assumptions concerning future events or future performance of the Company. Readers are cautioned not to place undue reliance on these forward-looking statements, which are only predictions and speak only as of the date hereof. In evaluating such statements, prospective investors should review carefully various risks and uncertainties identified in this release and matters set forth in the Company's SEC filings. These risks and uncertainties could cause the Company's actual results to differ materially from those indicated in the forward-looking statements.
